PHARMACY EXAMINERS BIENNIAL REPORT

JULY 1, 1928, to JUNE 30, 1930

Examinations have been held at Iowa City June 7, 1929, and June 5, 1930; and at Des Moines November 8, 1928, March 20, 1929, June 11, 1929, November 14, 1929, March 20, 1930, and June 11, 1930.

Regular meetings have been held July 10th, 20th, September 19th, November 7th, December 5th, 1928; February 13th, March 7th, May 1st, May 31st, June 5th, June 28th, July 16th, August 9th, September 6th, November 6th and December 3rd, 1929; January 7th, February 6th, February 19th, March 12th, April 10th, May 28th and June 26th, 1930.

July 10, 1928, at the regular annual meeting W. W. Haire was elected as chairman for the ensuing year and H. E. Eaton was elected as secretary.

December 5, 1928, the Pharmacy Board unanimously approved recognition of the Denver University College of Pharmacy, same being so recognized by other states.

February 13, 1929, motion was made and approved by all members to allow holders of Red Seal Certificates to take a special examination at any time they might make application, for the purpose of securing grades for gold seal registration, thus entitling them to reciprocity.

May 1, 1929, H. E. Eaton, secretary of the Pharmacy Board, tendered his resignation to become effective July 1st, and Walter F. Meads was elected as his successor for the ensuing year.

July 16, 1929, J. W. Slocum was elected chairman of the Board for the year 1930 at the regular annual meeting, and named as representative of the Board to the National Association of Boards of Pharmacy, and American Pharmaceutical Association at Rapid City, South Dakota. George Judisch was named associate representative for the Board as he would be present as the official delegate for the Iowa Pharmaceutical Association at the American Pharmaceutical Association. W. W. Haire retired from the Board at this time after nine years of service in favor of John H. Weber of Cascade, who was appointed for the term beginning July 1st.

February 6, 1930, motion was made and approved to make a record on file cards of drug stores checked, to show the condition with reference to compliance with the Pharmacy Law.

April 10, 1930, the Board voted to approve a rule allowing candidates for examination having the required collegiate work, but lacking other requirements to take the written part of examinations withholding the practical until such time as all requirements were fulfilled.

The Supreme Court in a decision handed down December 13, 1929, held that aspirin could not be sold except by or under the supervision of a Registered Pharmacist. Effort has been made to bring about compliance with this decision and we are gratified with the progress made.

The following figures will show work done during the year ending June 30, 1930, as to inspections:

Drug Store Inspections.....	462
Poison Register Inspections.....	441
General Stores, Restaurants, etc.....	506
Itinerant Vendor Investigations.....	440
Cases Prosecuted:	
Pharmacy.....	8
Poison Law.....	0
Itinerant Vendor.....	38
Pled Guilty or Convicted.....	42
Cases Pending.....	2
Cases Dismissed.....	4

Careful checking of stores and drug stores, and cases filed for prosecution has brought to light some conditions that we are unable to meet under our present Pharmacy Law, and changes will be studied and presented to the next legislature to correct these weaknesses so that we may give better protection to the public in the sale and dispensing of medicines and poisons.

Active enforcement of the Itinerant Vendor Law is reflected in the receipts of the office which show an increase over the last biennial report of \$21,181.00. We are of the opinion, however, that real enforcement of this law in the interest of the state and in fairness to the men who are paying the license, will not come until such time as we have a man detailed entirely to this work. It is the desire of the Pharmacy Board to conduct the affairs of the office as they would their own business, and with this thought in mind will ask sufficient help for the most efficient enforcement of the Itinerant Vendor Law.

The increase in net earnings over this period has necessarily resulted in increased expenses and has exceeded by more than \$1,000.00 the amount appropriated by the legislature, which deficiency we wish to report has been met without going outside our department by transfer of funds from the examiners' salary to the expense account.

We have 3,960 licensed pharmacists in good standing at this time. Their names and post office addresses will be found on the following pages. This is a loss of 68 from our last report, but is about 60 short of the yearly average over the past twelve years, so we are gratified with the fact that fewer pharmacists have become delinquent during this time than during the past several periods. Since June 30, 1928, 132 have been registered by examination and 28 by reciprocity.
